St. Ann School Annual Fund

Invest in the Future...

Spring, 2009

Dear Alumnus/St. Ann School Friend:

St. Ann School has proven that an investment in education is always worthwhile. As a St. Ann graduate, you and (number) other alumni are evidence of our success. We have indeed been blessed with the gift of sharing our Catholic faith and education for nearly six decades, and we look forward to a bright future.

As a graduate of SAS, you understand the gifts of a Catholic education. After receiving an excellent elementary foundation, you developed God's gifts within you by later becoming medical professionals, educators, members of the Armed Services, and more.

We are asking you to continue investing in the future by making a small monetary gift. So many wonderful things are happening at St. Ann School; your assistance would benefit the school directly. Here are a few of our recent accomplishments:

- We offer a well-rounded program which celebrates academics, social and emotional growth, physical well being and most importantly Spiritual development.
- All students have the opportunity to plan and participate in school masses and prayer services
- Last year's seventh graders averaged in the 73rd percentile in math and reading
- Three students qualified for the State Science Fair. One student took first place; one student took second place.
- Our eighth graders placed first, second, and third place in the Chicago Tribune's Stock Market Game

- Currently, three of our eighth graders are taking high school classes at Marian Catholic High School.
- We have a state of the art Technology Center with full access to the Internet. All students in K-8 are developing and mastering technology skills.
- All students in PreK-8 take Spanish classes as part of our school's curriculum
- 100% of our eighth grade students that applied to Catholic High Schools were accepted
- All students have music, art, and physical education in addition to their core classes
- We offer a variety of extracurricular activities – girls' and boys' athletics, a school play, and Chess Club
- We offer a full time pre-school and a morning and after school extended day
- Our teaching staff is 100% Catholic. Our faculty has a combined total of 555 years of teaching experience. 40% of our faculty have completed post graduate credit. 35% of our faculty have earned Master Degrees.

We understand that we are living in difficult economic times. This is one reason why your financial gift is so important to us now. We know there is a place in your heart for St. Ann School. Your support will ensure that St. Ann School can continue to do for the future as it has done in the past.

Please, would you please consider **\$10.00 per month** to help maintain our standard of excellence? Any amount that you can contribute would be greatly appreciated.

Be sure to check out St. Ann School's website at www.saintannschool.com for upcoming events including a new "Alumni" section.

Please use the attached response card to contribute to our positive momentum. We also ask for your continued prayers, as we continue to pray for all of our Alumni.

Sincerely,

Ms. Elizabeth L. Gard,
Principal

St. Ann School: Leaders for the Future...Faith for a Lifetime.
